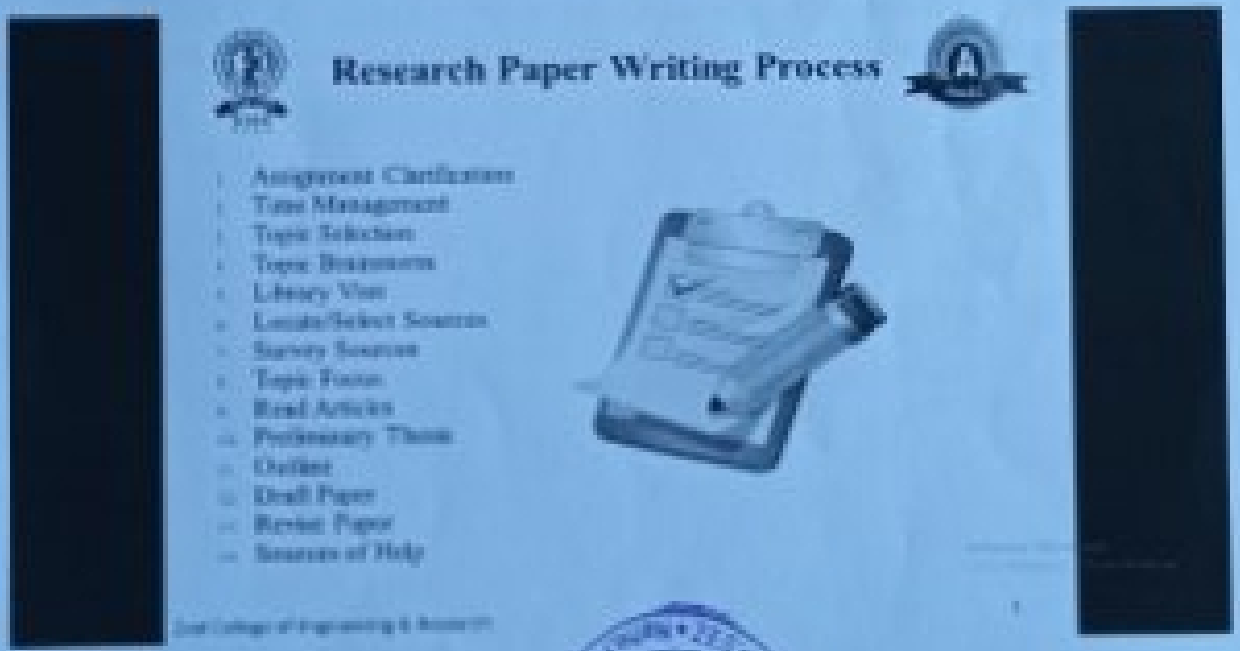
Report on
Research Seminar - How to Write and Publish Research Paper?

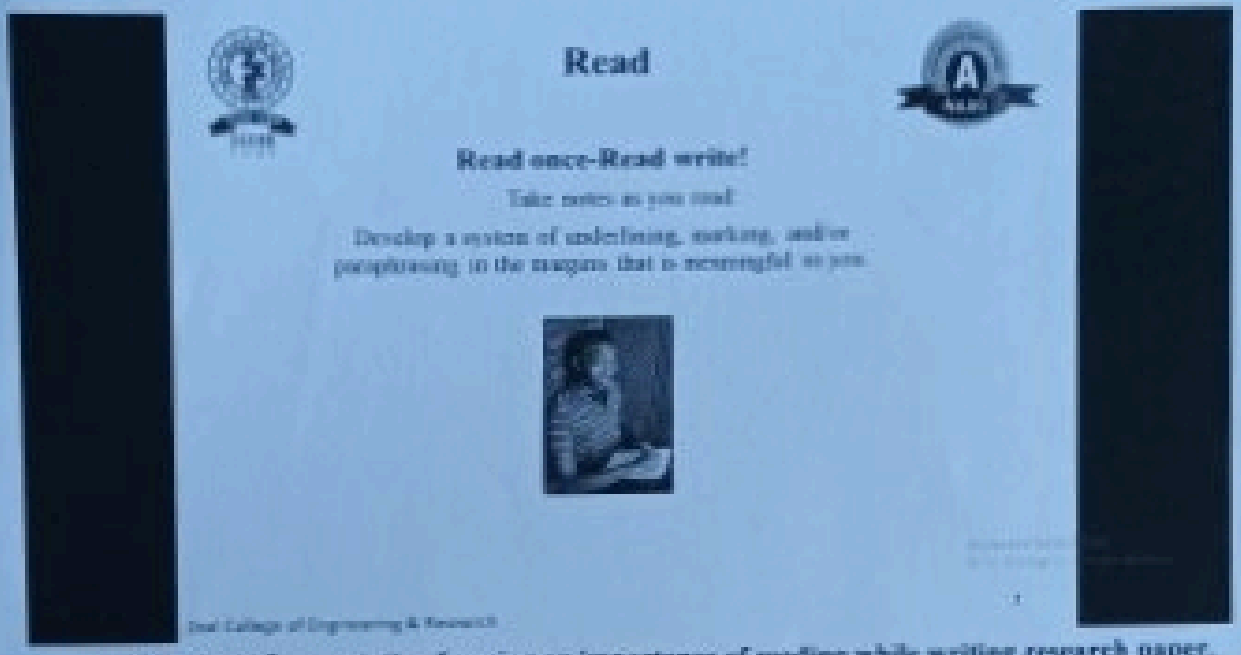
Department of Artificial Intelligence & Data Science, Zeal College of Engineering and Research Pune has organized Research Seminar - **How to Write and Publish Research Paper?**, on 02-05-22 @03:00PM.

It is important for Second year students to learn and understand how to write good research and review paper to present your work. Communicating the information that you have found will help other researchers advance their work, thus building on the body of knowledge that exists in your field. Writing and publishing puts your research into larger context. Your published paper can help in the public understanding of a research question.Presenting your study is perhaps as important as conducting it, because this is how most people will be able to understand your procedures, discuss results, offer feedback, and take your work a step further. It is also important from the point of Project Based Learning which is part of their syllabus now.



Glimpses of presentation on "How to write and publish research paper?"

ZEAL EDUCATION SOCIETY'S
ZEAL COLLEGE OF ENGINEERING AND RESEARCH
DEPARTMENT OF ARTIFICIAL INTELLIGENCE & DATA SCIENCE



Glimpses of presentation focusing on importance of reading while writing research paper.

For this, AI & DS department second year students have participated wholeheartedly in the seminar and learnt tips and tricks to make presentation more effective. 48 students were present for the same.
