NOTICE

Department: Computer Engineering

Semester: II

Academic Year: 2023-2024

Date: 09/03/2024

Dear Student's,

Congratulations! We are pleased to inform you that 70/99 students from Computer department have been shortlisted for the **Zensar ESD (Engineering Skills Development) Program Training** phase. Your selection is a testament to your outstanding academic performance and potential in the field of engineering.

Training Details:

Duration: 30 Hrs.

Dates: 11th March 2024 -15th March 2024

Time: 09.00Am -3.30 Pm

Location: Computer Center, Polytechnic Building, Ground floor

During the training phase, you will undergo intensive sessions aimed at enhancing your engineering skills and preparing you for the challenges and opportunities of the industry. The program will cover Python Module.

Please note the following important points:

1. **Attendance:** Regular attendance is mandatory throughout the training period. Any absence without prior notice may affect your eligibility for certification.
2. **Materials Required:** Ensure that you come prepared with the necessary materials as specified by the training coordinators.

For any queries regarding the training program please contact Prof. Ashwini Pijdurkar at 9623298191.

ZENSAR ESD TRAINING PROGRAM REPORT

Department: Computer Engineering **Semester:** II **Academic Year:** 2023-2024
Date: 16/03/2024

To,
The Principal,
ZCOER, Pune

Through: Head of the Department

Subject: Zensar ESD Program for Selected TE Students was organized by Zeal Central Placement Cell from 11/03/2024-15/03/2024.

Name of the Trainers: 1.Mrs. Dipti Satyanarayana .M

Respected Sir,

Zensar recognizes the paramount importance of Python in today's software development landscape. Python has emerged as a versatile and powerful programming language, widely adopted for various applications such as web development, data analysis, machine learning, and more. In light of this, Zensar has initiated a comprehensive Python training program aimed at equipping its employees with essential Python skills to meet the evolving demands of the industry.

The Zensar Python training program aimed to equip participants with essential skills in Python programming, covering topics ranging from basic syntax to advanced data manipulation and visualization techniques.

Following are the details:

Date: 11th March 2024 -15th March 2024

Total Duration: 30 Hours

No. of Students Shortlisted for Zensar ESD Program from CS/IT/AIDS: 99

No of Computer Engineering Students Shortlisted for Training: 70

1. Objectives

The primary objectives of Zensar's Python training program are as follows:

- To empower employees with proficiency in Python programming, enabling them to contribute effectively to software development projects.
- To align the skillset of Zensar's workforce with industry trends and emerging technologies, thereby enhancing the company's competitiveness.
- To foster a culture of continuous learning and professional development within the organization, reflecting Zensar's commitment to employee growth and advancement.

2. Importance of Python in Software Development

Python has gained immense popularity in the software development industry due to several key factors:

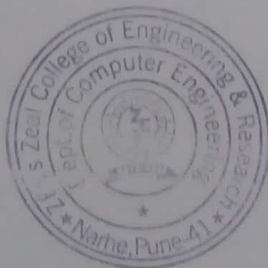

Simplicity and Readability: Python's clean and concise syntax makes it easy to learn and understand, allowing developers to write code more efficiently and maintain it with ease.

Versatility: Python's extensive standard library and rich ecosystem of third-party packages provide developers with a wide range of tools and frameworks for various applications, including web development, data analysis, artificial intelligence, and more.

Community Support: Python boasts a vibrant and active community of developers, contributing to its continuous improvement, support, and innovation.

Scalability and Performance: Despite its simplicity, Python is highly scalable and capable of handling complex tasks. Moreover, advancements in interpreter implementations (such as PyPy and Jython) have significantly improved Python's performance.

Integration Capabilities: Python seamlessly integrates with other languages and technologies, facilitating interoperability and compatibility with existing systems and infrastructure.

Please comment on the training provided to you by Aspiring Careers and offer Suggestions to help you provide high quality training program in future.	
It is Best Training No Comment	Trainings need not to be taken from the very basics and time duration of 6 hours per day is too much
Should provide such sessions more	This training program can help to gaining new skills and experiences.
This session is very helpful i understand everything taught in this program. The program like this will be very helpful to us.	It is very good program but add some coding games and assignment.
15 Its was a very great learning with the trainer and had covered a lot of modules of python and also some advanced one.	It was a great opportunity to get training on python from a well reputed company.
First Zensar experience it was amazing keep conducting such informative sessions	Overall Training program is very good. I gain more knowledge from session.
Instead of having daily 6 hours we can increase the no of days and decrease the hours daily so that it can be practised and implemented to our core	Like the session and get to know more about python
