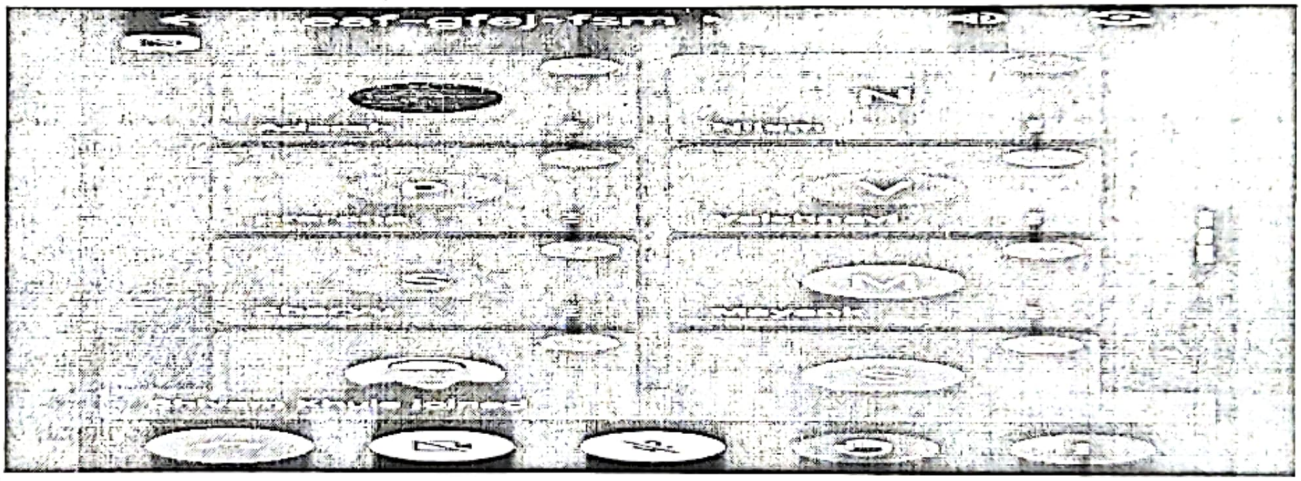
Expert Lecture Report on Online Hands-on Training of Cloud Computing - Amazon Web Services

The IT Department of ZCOER organized online Hands-on industry expert session on Cloud Computing featuring Mr. Pavan Pawar, a seasoned Senior Software Engineer at Veritas Technologies, Pune. Mr. Pavan Pawar boasts over 10 years of extensive industry experience and a robust skill set, including proficiency in AWS, Azure, GCP, Cloud OS, and development on backup products. Furthermore, Expert holds esteemed certifications such as AWS DevOps Professional, AWS Architecture Professional, and AWS Certified Developer Associate.

Event Overview:

Welcome Speech:

Prof. Nilam S Honmane, delivered a warm and enthusiastic welcome speech, expressing gratitude for the opportunity to host Mr. Pavan Pawar.



Hands-on online Training Session:

- **Amazon Web Services and Application Development:** Mr. Pavan Pawar conducted an engaging 3-hour session, providing hands-on training on the installation of Amazon Web Services. Students actively participated in creating and developing simple web applications using Python and Java.

- **File Transfer in Virtual Machines:** An integral part of the training focused on procedures for transferring files between virtual machines. Mr. Pavan Pawar shared practical insights into managing and exchanging data within a virtualized environment.

Report on Coders Club Inauguration

On January 20th 2024, the Information Technology Student Association (ITSA) organized a heartwarming Coders Club Inauguration at Programming Lab - IT Department. The event was coordinated by the ITSA members and received guidance and support from ITSA Coordinator Prof. N. S. Honmane and Coders Club Coordinator Prof Wrushabh S Sirsat.The event featured speeches, Coders club idea, recent developments, ongoing projects, and future plans of the Coders Club

Activity 1 : Welcome and Coders Club Idea Speech.

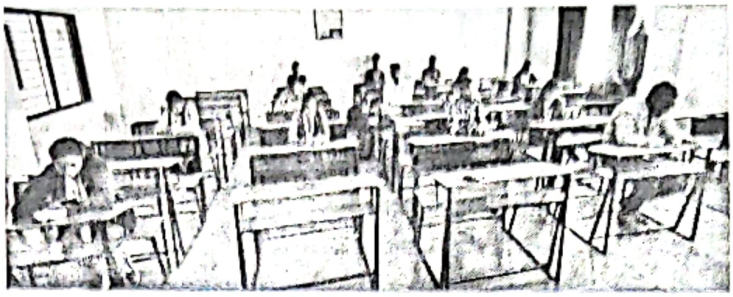
Welcoming speech by anchor Samruddhi Saste (TE),Pranav Kulkarni(SE) and the brief idea of Coders Club given by Sudhir Gaikwad (SE) to all staff members and students those who are present for inauguration.

Activity 2: Speeches

After the welcoming and coders club idea speech, a speech was given by Dr T.Praveen Blessington to express their gratitude and appreciation for the dedicated students who are taking initiatives for this event.

Activity 3: Interactive Quiz:

To add an element of first activity and selection of committee member's students organized online quiz activity. This quiz allowed for all interested students.



Activity 4: Coding Activity:

After quiz 15 students sorted for programming for final selection of committee members. It provided an opportunity for students to express their knowledge. The event successfully combined speeches, quiz, and coding to make it a special day for students.

Activity 5: Vote of Thanks

At the end of event vote f thanks speech was given by Prof Harshada Raghuwanshi.

To,

The Principal

ZCOER, Pune.

Subject: Permission for planning and execution of hands ON workshop for TE students (Subject : – Computer Network & Security)

Respected Sir,

Information Technology department wants to organize a hands ON workshop For **TE students on Subject : - Computer Network and Security (with advanced routing protocols).** It is very necessary for TE students to understand concepts of **Computer Network and Security** as they are going to be future engineers. The best suitable expert is identified for this session and the details are as given below. So please give permission to conduct this workshop.

Name of Expert:	**Mr. Vipin Kumar**
Designation:	**Sr. Faculty, Jetking Infotrain Pune (Technical Education Industry)**
Experience:	**16+ Years in Technical Teaching & 1.5 years in Industry**
Planned Date:	**Saturday 03/02/24 (Time : 10:00 AM to 4:00 PM)**
Remuneration/ Hr.:	**Rs. 1000/Hr (Total 6000/-)**

Report on "Hands on Workshop - Computer Network and Security Labs"

Topic	CNS Labs
Date	29/02/2024
Venue	Internet Facility Centre , first floor, D Building, ZCOER
Resource person	Mr. Vipin Kumar Mishra
Objective/ Purpose	➢ To study different types of routing protocols in detail ➢ To help student prepare, apply and implement different topologies with various routing protocols
No. of Participants	TE A – 55, TE B - 53 Total – 108 students
Description	The Resource person, Mr. Vipin Kumar Mishra is a certified trainer in CISCO and other applications with total 15 years of experience in IT industry. He has wide knowledge in handling computer network related hardware like Router, Switches, access points etc. He has shown a keen interest to deliver theory and practical session to students of IT department. This workshop intended a fundamental - level course that would help all individuals to seek an overall understanding of the all topologies. This session provided a detailed overview of all concepts of various routing protocols. Speaker has also motivated the students to prepare for the Microsoft and CISCO certification Exams.
Summary	Department of Information technology, Zeal College of Engineering and Research, Pune organized and conducted 6 **hours " Hands on Workshop - Computer Network and Security Labs "** on date 29/02/2024 for T E students.

Overview and Outcome

The Computer Networks and Security (CNS) workshop held on February 29th, 2024, at the IFC Lab, first floor, D Building, Zeal College of Engineering and Research, was a comprehensive session aimed at providing participants with insights into various career options within the field of security, familiarizing them with different certifications, and providing hands-on experience with basic router configuration and essential networking concepts.

The hands on session provided various insights on complete curriculum of Computer Network and Security Labs and associated career opportunities for the students and emphasized the significance of the cyber security in the career path. The importance of the routing and related security protocols is a key requirement of Cyber Security domain. It is very helpful in making career in cyber security corporate world.

Workshop Agenda:

1. **Introduction to Career Options in Security:**
    - The workshop commenced with an overview of the diverse career opportunities available in the field of security, ranging from network security to ethical hacking and cybersecurity management.
2. **Exploration of Various Certifications:**
    - Participants were introduced to a variety of industry-recognized certifications such as CISSP, CEH, CompTIA Security+, and Cisco CCNA Security. The importance of certifications in advancing one's career in the security domain was emphasized.
3. **Hands-on Session: Basic Router Configuration:**
    - The workshop transitioned into a hands-on session where participants were guided through the basics of router configuration. They gained practical experience in setting up routers and understanding their functionalities.

Various Router Configurations:

- Participants delved deeper into router configuration, learning about essential protocols and configurations including
    1. RIP (Routing Information Protocol),
    2. OSPF (Open Shortest Path First),
    3. ACL (Access Control List – Standard & Extended),
    4. NAT-PAT (Network Address Translation, Port Address Translation)
    5. EIGRP (Enhanced Interior Gateway Routing Protocol)

4. **Interactive Q&A Session:**

   - An interactive question and answer session provided participants with the opportunity to clarify doubts and engage in discussions with the guest mentor, Vipin Kumar, leveraging his extensive industry experience.

Key Takeaways:

- Enhanced understanding of career pathways in the field of security.
- Insight into the significance of industry certifications for career advancement.
- Practical experience in basic and advanced router configuration.
- Familiarity with essential networking protocols and configurations including RIP, OSPF, ACL, and NAT-PAT.

Conclusion: The CNS workshop facilitated by the IT Department, with esteemed guest mentor Vipin Kumar Mishra (resource person), proved to be a valuable learning experience for participants. By combining theoretical knowledge with practical hands-on sessions, the workshop successfully equipped attendees with essential skills and insights crucial for pursuing a career in the dynamic field of computer networks and security.

Third Year Information Technology (2019 Course)
314456: Computer Network Security Lab

Teaching Scheme:	Credit Scheme:	Examination Scheme:
Practical (PR) : 4 Hrs/week	02 Credit	OR: 50 Marks TW: 25 Marks

HOME

Prerequisites:

1. Fundamentals of Computer Networks.

Course Objectives:

1. To design and implement small size network and to understand various networking commands.
2. To learn various client/server environments to use application layer protocols.
3. To understand network layer routing protocols and its implementations.
4. To understand the network security by using public key cryptography algorithms.

Course Outcomes:

On completion of the course, students will be able to–

CO1: Design and configure small size network and associated networking commands.

CO2: Understand various client/server environments to use application layer protocols.

CO3: Use basic cryptographic techniques in software and system design.

CO4: Apply methods for authentication, access control, intrusion detection.

Guidelines for Instructor's Manual

1. The faculty member should prepare the laboratory manual for all the experiments and it shouldbe made available to students and laboratory instructor/assistant.

Guidelines for Student's Lab Journal

1. Student should submit term work in the form of handwritten journal based on specified list of assignments.
2. Practical Examination will be based on the term work.
3. Candidate is expected to know the theory involved in the experiment.
4. The practical examination should be conducted if and only if the journal of the candidate is complete in all respect.

Guidelines for Lab /TW Assessment

1. Examiners will assess the term work based on performance of students considering the parameters such as timely conduction of practical assignment, methodology adopted for implementation of practical assignment, timely submission of assignment in the form of handwritten write-up along with results of implemented assignment, attendance etc.
2. Examiners will judge the understanding of the practical performed in the examination by asking some questions related to theory & implementation of experiments he/she has carried out.
3. Appropriate knowledge of usage of software and hardware related to respective laboratoryshould be checked by the concerned faculty member.

ZESS Zeal College of Engineering & Research * Dept. of Information Technology * Narhe, Pune-41

Guidelines for Laboratory Conduction

As a conscious effort and little contribution towards Green IT and environment awareness, attaching printed papers of the program in journal may be avoided. There must be hand-written write-ups for every assignment in the journal. The DVD/CD containing student's programs should be attached to the journal by every student and same to be maintained by department/lab In-charge is highly encouraged. For reference one or two journals may be maintained with program prints at Laboratory.

List of Laboratory Assignments

Group A: Computer Network

1. **Using a Network Simulator (e.g. packet tracer) Configure Router for...**
   a) Configure a router using router commands and Configure Routing Information Protocol(RIP).
   b) Configure Access Control lists – Standard & Extended.
   c) Network Address Translation: Static, Dynamic & PAT (Port Address Translation)
2. **Using a Network Simulator (e.g. packet tracer) Configure Routing Protocols,**
   a) Configure EIGRP – Explore Neighbor-ship Requirements and Conditions, its K Values Metrics Assignment and Calculation.
   b) OSPF – Explore Neighbor-ship Condition and Requirement, Neighbor-ship states, OSPF MetricCost Calculation.
   c) WLAN with static IP addressing and DHCP with MAC security and filters.
3. **Socket Programming in C/C++ on Linux.**
   a) TCP Client, TCP Server
   b) UDP Client, UDP Server
4. **Introduction to server administration** (server administration commands and their applications) and configuration of below Server: (Study/Demonstration Only)
   a) FTP b) Web Server

Group B: Network Security

1. Implement a client and a server on different computers using python. Perform the communication between these two entities by using RSA cryptosystem.
2. Implement a client and a server on different computers using python. Perform the authentication of sender between these two entities by using RSA digital signature cryptosystem.
3. Implement a client and a server on different computers using python. Perform the encryption of message of sender between these two entities by using DES Algorithm and use Diffie Hellman method for exchange of keys.
4. Use the snort intrusion detection package to analyze traffic and create a signature to identify problem traffic.

Introduction

On 23rd March 2024, Spartificial Innovations Pvt. Ltd., Kotkasim, conducted an expert session on "Internship Opportunity and Industry Expectations from Freshers" for third-year (TE) and final-year (BE) students. The session aimed to educate students on the importance of internships and prepare them to meet the dynamic expectations of industries.

Key Highlights

1. **Significance of Internships:**
   - Internships bridge the gap between academic learning and industry practices.
   - Students gain practical exposure, technical expertise, and professional experience.
   - Internships enhance employability by allowing students to showcase their skills and build industry-relevant portfolios.
2. **Industry Expectations from Freshers:**
   - **Technical Proficiency:** Strong knowledge of programming languages (e.g., Python, Java), tools, and current trends like AI, IoT, and data analytics.
   - **Soft Skills:** Effective communication, adaptability, teamwork, and a proactive mindset.
   - **Analytical Thinking:** Ability to solve problems innovatively and think critically.
   - **Workplace Readiness:** Professional behavior, punctuality, and a willingness to learn new skills.
3. **Preparation Strategies:**
   - Enroll in online courses and certifications to boost technical and soft skills.
   - Create an updated resume and LinkedIn profile showcasing academic projects, internships, and achievements.
   - Practice mock interviews and technical tests to build confidence.
   - Participate in hackathons and workshops to demonstrate hands-on expertise.
4. **Challenges Discussed:**
   - Transitioning from classroom learning to real-world tasks.
   - Adapting to fast-paced professional environments.
   - Overcoming communication barriers and working in teams.

Permission for Workshop Conduction

Department: IT **Semester: II** **Academic Year: 2023-2024**

Class: TE **Date: 04/03/2024**

To,

The Principal

ZCOER, Pune.

Subject: Permission for planning and execution of hands ON workshop for TE students (Subject : – Data Science and Big Data Analytics Lab)

Respected Sir,

Information Technology department wants to organize a hands ON workshop For **TE students on Subject : - Data Science and Big Data Analytics Lab (Assignments based on the Hadoop)**. It is very necessary for TE students to understand concepts of **Data Science and Big Data Analytics Lab** as they are going to be future engineers. The best suitable expert is identified for this session and the details are as given below. So please give permission to conduct this workshop.

Name of Expert:	**Mrs Pallavi Sunil Bangare**
Designation:	**Assistsant Professor (Sinhgad Academy of Engineering Kondhwa Bk. Pune)**
Experience:	**17 Years**
Planned Date:	**Thursday 07/03/24 (Time : 10:00 AM to 1:00 PM)**
Remuneration/ Hr.:	**Rs. 700/Hr (Total 2100/-)**

Report on Hands on Workshop - Data Science and Big Data Analytics Lab

Topic	DSBDA Labs
Date	07/03/2024
Venue	IBM Lab , Second floor, D Building, ZCOER
Resource person	Prof. Pallavi Sunil Bangare, Assistant Professor , Sinhgad Academy of Engineering, Kondhwa Bk, Pune
Objective/ Purpose	1. To enable students to install and configure Hadoop in both single-node and multiple-node setups. 2. To develop students' proficiency in designing and implementing distributed applications using MapReduce. 3. To familiarize students with HiveQL for data manipulation and analysis in a Hadoop environment.
No. of Participants	TE A – 50, TE B - 52 Total – 102 students
Description	The Data Science and Big Data Analytics Laboratory workshop, focused on assignments based on Hadoop, was conducted on March 7, 2024. The workshop aimed to enhance the practical skills of students in handling big data and utilizing tools like Hadoop for processing and analysis. Prof. Pallavi Sunil Bangare, with 17 years of experience and expertise in the field, led the workshop.
Summary	Department of Information technology, Zeal College of Engineering and Research, Pune organized and conducted **3 hours " Hands on Workshop - Data Science and Big Data Analytics Laboratory "** on date 07/03/2024 for TE students.

Outcome	The Data Science and Big Data Analytics Laboratory workshop provided students with a comprehensive understanding of big data processing, analysis, and visualization techniques.

Mapping of Program Outcomes (PO) and Program Specific Outcomes (PSO):

Program Outcomes (PO)	Program Specific Outcomes (PSO)	Workshop Activities
PO1: Engineering Knowledge	**PSO1:** Application of theoretical and practical IT knowledge **PSO2:** Analysis of computing infrastructure requirements **PSO3:** Understanding of professional and ethical responsibilities **PSO4:** Communication and decision-making skills	Assignments involving Hadoop installation, MapReduce application design, and HiveQL application.
PO2: Problem Analysis		Designing distributed applications using MapReduce to process system log files.
PO3: Design/Development of Solutions		Writing applications in HiveQL for data manipulation and analysis.
PO4: Investigation of Complex Problems		Integrating Python with Hadoop for data analysis and visualization.
PO5: Modern Tool Usage		Utilizing Python libraries for data analytics and visualization.
PO6: The Engineer and Society		Understanding the societal impact of data analytics and big data technologies.
PO7: Environment and Sustainability		Analyzing environmental data using Python and Hadoop.
PO8: Ethics		Addressing ethical considerations in data handling and analysis.
PO9: Individual and Team Work		Collaborative projects involving group work.
PO10: Communication Skills		Presenting findings through effective communication.
PO11: Project Management and Finance		Managing resources and delivering results within constraints.
PO12: Life-long Learning		Emphasizing the importance of continuous learning and adaptation.

Conclusion:

The Data Science and Big Data Analytics Laboratory workshop provided students with a comprehensive understanding of big data processing, analysis, and visualization techniques. By aligning with the program outcomes and program-specific outcomes, the workshop successfully equipped students with the necessary skills and knowledge to excel in the field of data science and contribute effectively to the IT industry.

Report on Faculty Orientation Program on "Elective-IV and Computer Laboratory-II (BE AI & DS 2020 New Syllabus)"

Department of Artificial Intelligence and Data Science, organized **offline** one day Faculty Orientation program on **"Elective-IV"(417524),** for the subjects GPU Programming and Architecture (417524-A), Information Retrieval (417524-B),UI/UX Design (417524-C),Optimization Algorithms (417524-D) and **Computer Laboratory –II(417426)** for[BE AI&DS New syllabus 2020 Course] under the aegis of Board of Studies Computer Engineering,Savitribai Phule Pune University, Pune on 19th July 2023.

The objective of the program was to orient the faculty members towards the BE (AI & DS Syllabus) and to bring uniformity in teaching among all colleges.

DESCRIPTION OF ACTIVITY:

The FOP started on 19th July 2023 at 10:00 am with light lamping and Saraswati Poojan .The session was started with the commencement of the Faculty Orientation Program with the introductory speech by Prof. Dikshendra Sarpate where he welcome Chief Guest, Guest of honor ,Resource Person, and all participant and introduced brief about FOP.
