**Global Certification in Microsoft Technology by Microsoft**

Microsoft Imagine Academy (MIA) provides career opportunities and various courses under Microsoft Technologies. MIA is formed with a goal to bridge the gap between the Industry and academia by skilling students from Engineering as per Industry job requirements. Students are benefitted with training by Microsoft certified trainer along with self-project development, team work on live projects, study material for certification program etc.

**About the Program**

The program is on .NET technology included with cloud modules for the skills development of the students keeping in mind the industrial requirements. Also it aims to provide training and Microsoft certification on ASP.net, C#.net, Cloud Computing, Cyber Security, Python etc. Students will be availed to access free Microsoft resources and tools for training and development purpose.

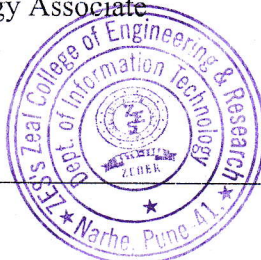

MIA aims to give students additional skill sets to be different than the others from their same fraternity and get them aligned as per the job requirements of Industry.

**Objectives of MIA:**

1. Provide training to the students on tools and technologies on Microsoft platform.
2. To provide Placement to students
3. Conducting Global Certification Examination for students at Institute.

**Certifications:**

Microsoft Technology Associate

### **Benefits of MIA:**

E- Learning access & E- Notes for online learning and post training Support.

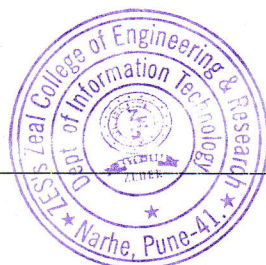

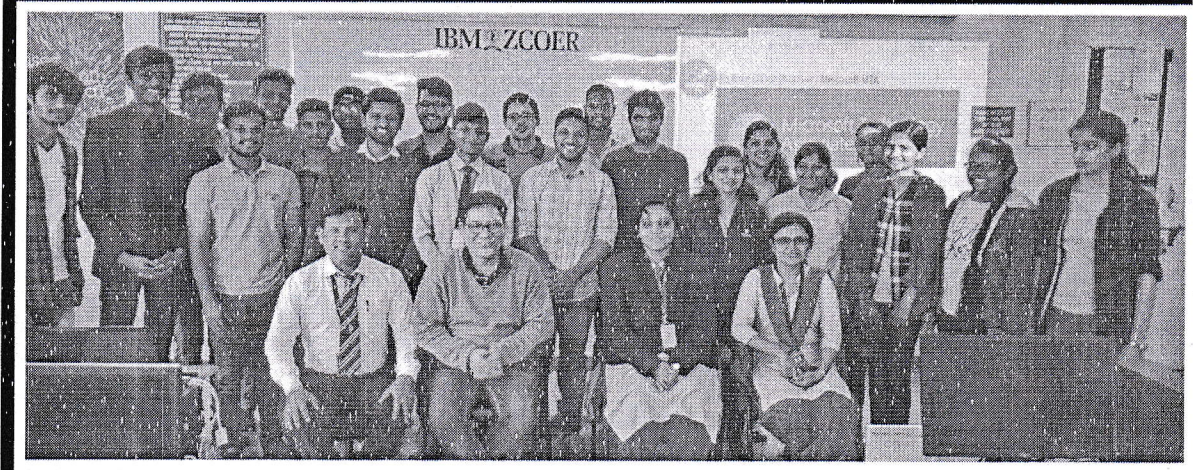

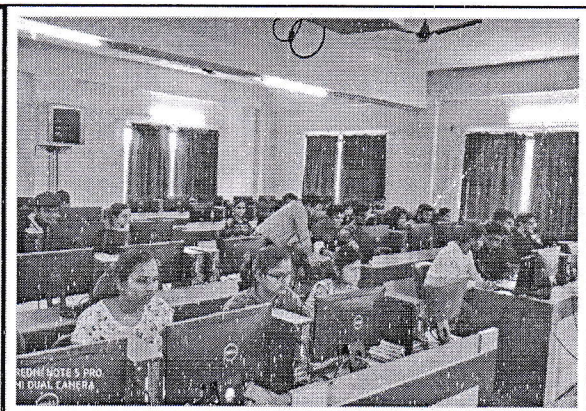

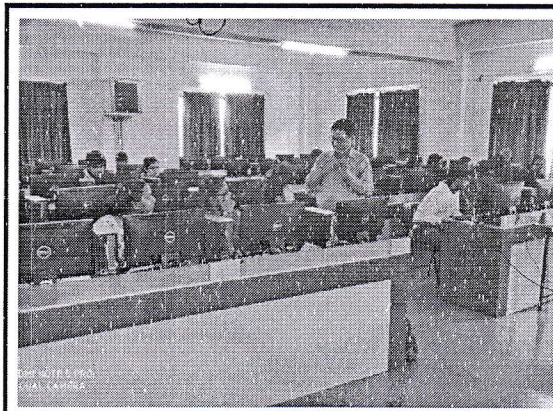

### **Project Assistants:**

1. Training to students by Microsoft certified trainees.
2. Study material and mock examination practices to students before certification examinations.

### **Training Conducted under MIA**

#### **1. Training of Microsoft Certification course in Python**

Training on Module of Python under Microsoft Imagine Academy was conducted by Mr. Suresh Pal, Microsoft certified trainee, from ATS Infotech Pvt. Ltd. The training was scheduled from 26th December 2018 to 6th January 2019.

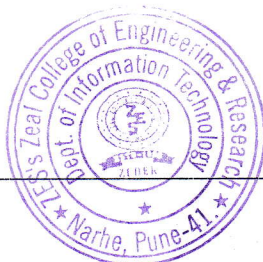

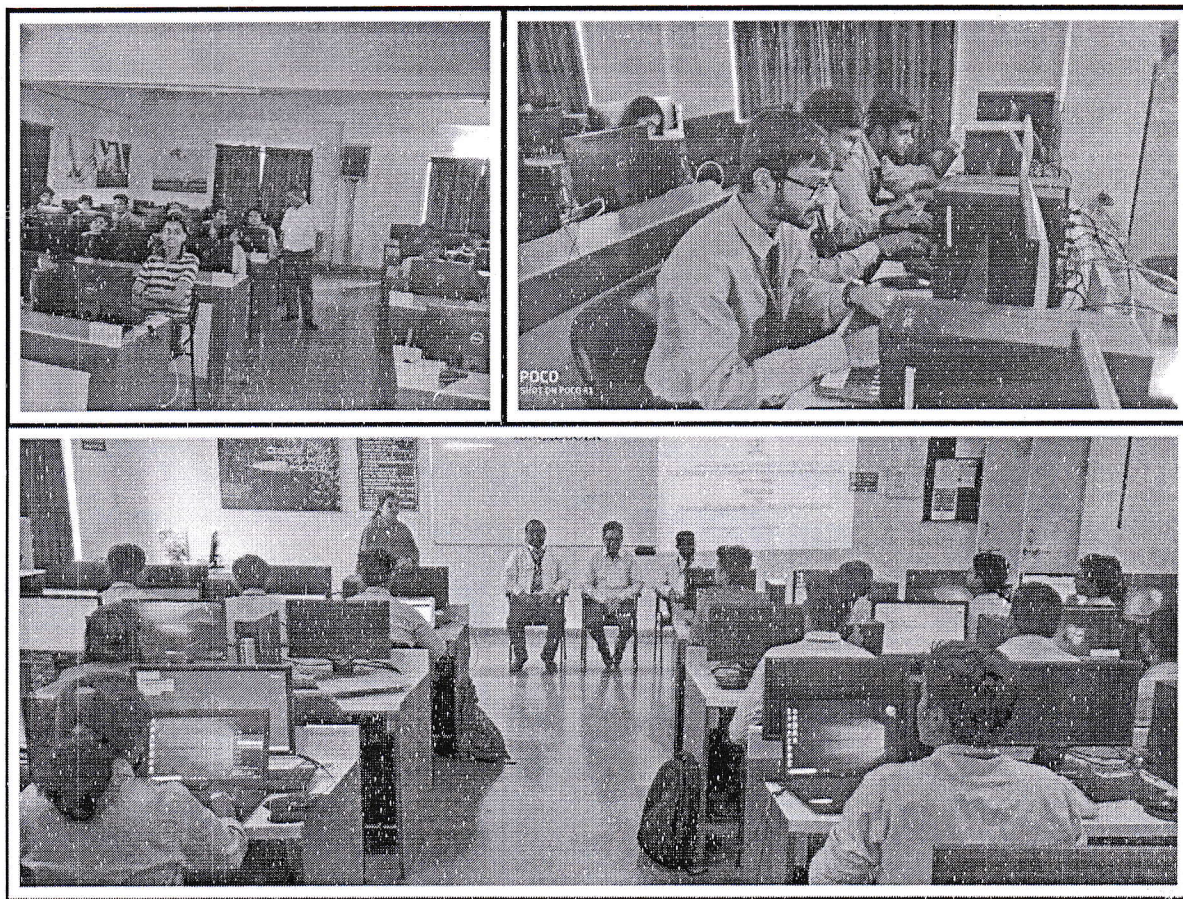

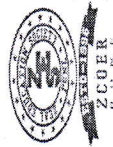

## 2. Training of Microsoft Certification on Cross Platform Mobile App Development

Cross-platform development is the practice of developing software products or services for multiple platforms or software environments. Engineers and developers use various methods to accommodate different operating systems or environments for one application or product.

Training on Cross Platform Mobile App Development under Microsoft Imagine Academy was conducted by Mr. Suresh Pal, Microsoft certified trainee, from ATS Infotech Pvt. Ltd. The training was scheduled from 19th August 2019 to 22th August 2019.

**Report of**  
**Redhat Training**

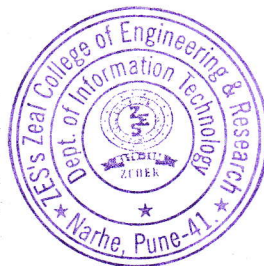

***“Redhat Global Certification Training Program”***

***On 24 June to 6 July 2019***

Department of Information Technology, Zeal College of Engineering & Research, Pune, Maharashtra, India organized **“Redhat Global Certification training Program”**.

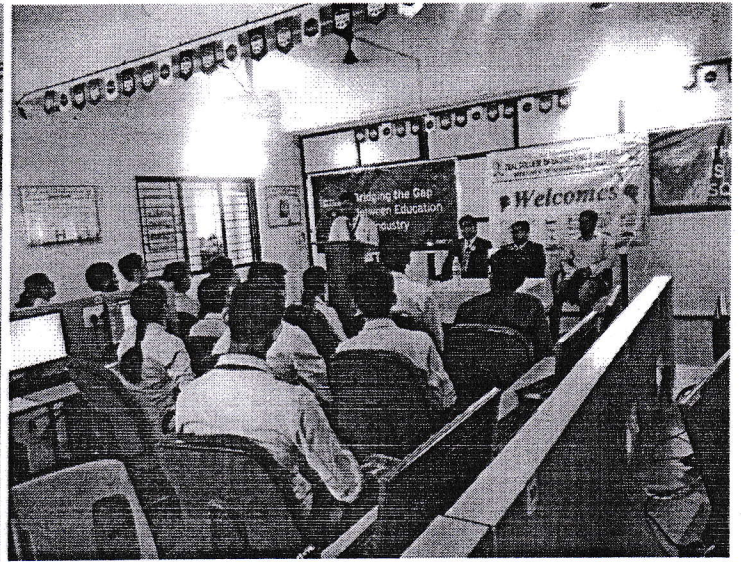

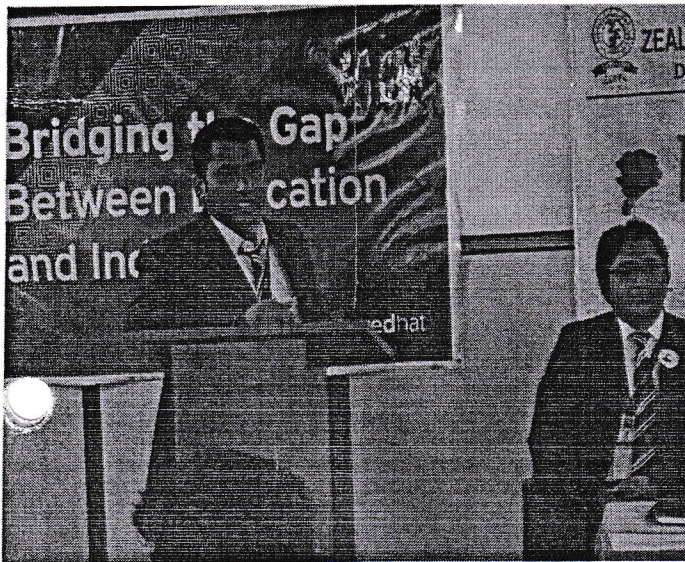

The aim of this program is to train our students for Redhat Certification in System Administration (RHCSA). It is an entry-level certification that focuses on actual competencies at system administration, including installation and configuration of a Red Hat Enterprise Linux system and attach it to a live network running network services.

Students from Computer Engg, IT MCA will be benefited by this initiative.

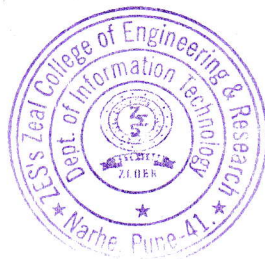

## Glimpse of the program
