**Training Program Report
Python Training**

Class: TE

Duration: 30 Hrs.

Training Partner: GTT

Python is a computer programming language often used to build websites and software, automate tasks, and conduct data analysis. It is commonly used for developing websites and software, task automation, data analysis, and data visualization.

This program is conducted for Third Year of Engineering for 30 hrs. The intention behind this program was to prepare the students for coding test conducted by the hiring Companies.

Following are the details:

Sr. No.	Branch	Total no. of Students
1	Computer	236
2	Electrical	158

The session was well received by the students.

Best Training Program for value addition

Training was very helpful for me as i wanted to pursue career into cybersecurity

I enjoyed the sessions alot

Mam was very helpful and kind , my doubts were always cleared properly

Topics were made very simple to understand

this course strengthened my technical skills

Great learning experience

The training session were more productive had focused on the practical side of the theories
