Pune,
Maharashtra, India.

Subject: Invitation for Expert lecture on topic CAD/CAM importance

Respected Sir,

It gives us an immense pleasure to invite you as expert for guest lecture on topic "CAD/CAM importance in Industries" organized by Department of Mechanical Engineering scheduled on **19th August 2019** at Zeal Education Society's, Zeal College of Engineering and Research, Narhe, Pune -41, India. The main purpose of this expert lecture for student is to explore some applications of condition monitoring techniques in various applications.

We look forward to your esteemed presence on this occasion. Your cooperation in this direction will highly encourage us and make this program a grand success

Subject: Report of expert lecture conducted by Expert on topic "**CAD/CAM importance in industries**" at ZCOER, Narhe.

Respected Sir,

With reference to above mentioned subject, I would like to inform you that, Dr. Manoj Kumbhalkar has successfully conducted Expert Lecture for the final year student for the subject Dynamics of Machinery on topic "**CAD/CAM importance in industries**". The students of B.E. (Div. A, Div. B, Div. C, Div. D and Div. E) were present for this session and the session was very interesting and interactive. Dr. Manoj Kumbhalkar explores the importance **CAD/CAM importance in industries** of used in Design Engineer & Manufacture engineer.

Topics discussed during lecture:

Sr. No	Contents Covered	PO, PSO Mapping to the Contents
1	CAD/CAM/CAE Software Used in industry	PO1, PO2, PO3, PO5, PO7, PSO1, PSO2, PSO3
2	Industry expectation	PO1, PO2, PO3, PO5, PO7, PSO1, PSO2, PSO3

Thanking

Subject: Letter of Thanks.

The Zeal Education Society's ZCOER would like to thank you for enlighten us on one of the immerging topic. Your talk on “**CAD/CAM importance in industries**” was one of the best and interesting topic to be studied by our students. It was an honor for Zeal College of Engineering and Research to have you as our resourceful eminent speaker.

We believe that the knowledge you have shared will help immensely in the development of the students and eventually translate into better future for them in this sector.

We know that your time is precious and we are grateful you shared some of it with us. We look forward to get more time from your side to arrange such seminars in future.

Again, thank you so much. We hope to see you soon again.

A. Overview:

An expert session on topic "Current Scenario of FEA in Industries" by Prof. Sachin Kakade from MET'S Institute of Engineering Nashik was organized for the fourth year students of mechanical engineering on 23/08/2021 (Time 11.00 am to 1.00 pm). The session was attended by the students of Mechanical Engineering Department from Zeal college of Engineering and Research Narhe Pune.

B. Objective:

- a) To understand Applications of Finite Element Analysis
- b) To understand industry scenario after studying FEA.
- c) To get knowledge of meshing and analysis
- d) To understand scope of Analysis in final year project.
- e) To understand importance of design and analysis.

To meet these objectives, an expert session was organized through Microsoft team through online mode.

C. Outcomes:

- a) Students will be to select suitable element for analysis.
- b) Students will be to recognize industry expectations from mechanical engineers.
- c) Students will be to solve real life mechanical Engineering problem .

Through this lecture following PO/PSO attainment was done.

Dear Sir,

As per our telephonic conversation it gives us an immense pleasure to invite you as an expert for guest lecture on the topic **“Industrial Applications of thermal engineering & case study on coupled thermal analysis”** organized through online medium by the Department of Mechanical Engineering scheduled on 18th September 2021 (11.00 AM to 01.30 PM) at Zeal Education Society’s, Zeal College of Engineering and Research, Narhe, Pune -41, India.

We look forward to your esteemed presence on this occasion. Your cooperation in this direction will highly encourage us and make this program a success.

Kindly confirm your acceptance for the same.

To,
The H.O.D.
Mechanical Engineering Department,
ZCOER, Narhe.

Subject: Report of expert lecture conducted by Expert on topic **“Industrial Application of Thermal Analysis and case Study on coupled thermal Anlaysia”** at ZCOER, Narhe.

Respected Sir,

With reference to above mentioned subject, I would like to inform you that, Mr. Chaitanya Gaurkar (Senior Support Engineer) Dassault Systemes, Pune has successfully conducted Expert Lecture for the final year student for the subject Finite Element Analysis on topic **“Industrial Application of Thermal Analysis and case Study on coupled thermal Anlaysia”**. The students of B.E. were present for this session and the session was very interesting and interactive. Mr. Chaitanya Gaurkar explores the importance of Thermal Analysis and case studies on coupled thermal analysis techniques used in forming process. The session was very useful from exam point of view for the student which gives the knowledge of fundamentals of Thermal analysis.

Topics discussed during lecture:

Sr. No	Contents Covered	COs Mapping to the Contents
1	Industrial Application of Thermal Analysis and case Study on coupled thermal Anlaysia	PO1, PO3,PO5,PO12 PSO1,PSO3

Thanking You,

 Yours Sincerely,

Prof. Shalaka Kulkarni

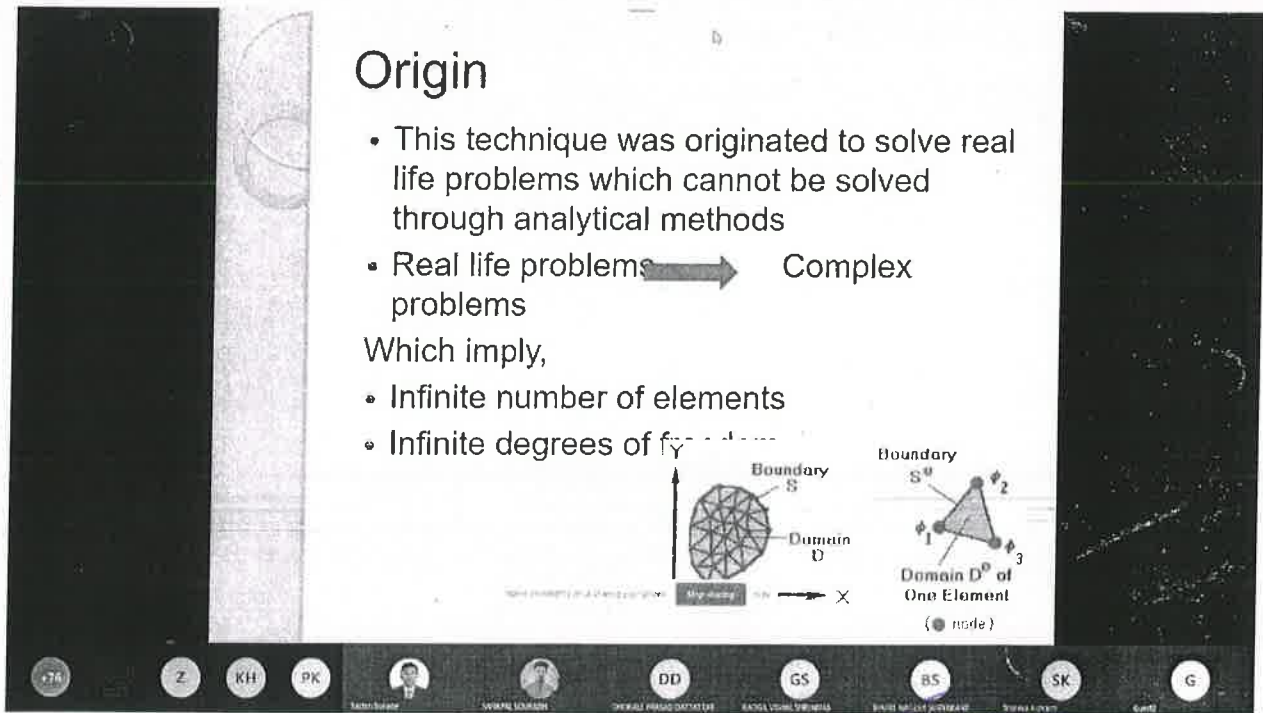

Photographs/Screen shots:

Origin

- This technique was originated to solve real life problems which cannot be solved through analytical methods
 - Real life problems \longrightarrow Complex problems
- Which imply,
- Infinite number of elements
 - Infinite degrees of freedom

Comparison

Analytical method	FEA/Numerical Method
Complex to solve	Easy to solve using Software
Time consuming	Solve in less time
Costly Validation	No/very low cost validation
High time to Market	Low time to Market
Low initial cost	High initial cost
Complex geometries cannot be solved	Any geometry type can be solved
It is exact	It is Approximate
Can be solved with Pen & Paper	Needs software

Subject: Report of expert lecture conducted by Expert on topic "Introduction to ERP & SAP MM"

Respected Sir,

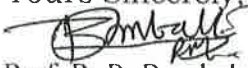

With reference to above mentioned subject, I would like to inform you that, Mr. Tushar Kasture, SAP Consultant, Capgemini, Pune, India. Has successfully conducted an Expert Lecture for the Final Year student on the topic "Introduction to ERP & SAP MM". Students of B.E. Were present for this session and the session was very interesting and interactive, Mr. Tushar Kasture given insight about ERP-SAP MM. The session was very useful from career point of view for the student which will really help them to explore the opportunities in the Mechanical field.

Topics discussed during lecture:

Sr. No	Contents Covered	POs Mapping to the Contents
1	The Session was planned to keep in view of Introduction to ERP-SAP MM. SAP MM is used for procurement and inventory management. The module has two important master data – material and vendor. These includes overview of materials management, plant maintenance, quality management, production planning and control, and a project management system.	PO1, PO5, PO8, PO9, PO10, PO12, PSO1, PSO2, PSO4

Thanking You,

Yours Sincerely,

Prof. R. R. Bombale

Subject: Letter of Thanks.

The Zeal Education Society's ZCOER would like to thank you for enlighten us on one of the immerging topic. Your talk on "**Introduction to ERP & SAP MM**" was one of the best and interesting topic to be studied by our students. It was an honor for Zeal College of Engineering and Research to have you as our resourceful eminent speaker.

We believe that the knowledge you have shared will help immensely in the development of the students and eventually translate into better future for them.

We know that your time is precious and we are grateful you shared some of it with us. We look forward to get more time from your side to arrange such seminars in future.

Again, thank you so much. We hope to see you soon again.

To,
Mr. Pavan Patil,
Assistant Manager,
Tata Consulting Engineer

Subject: Invitation for Expert lecture.....

Respected Sir,

It gives us an immense pleasure to invite you as expert for guest lecture on topic "**Design solution for investigation of performance of nonlinear complex engineering problem with case study**" organized by Department of Mechanical Engineering & scheduled on **5th March 2022** at Zeal Education Society's, Zeal College of Engineering and Research, Narhe, Pune -41, India. The main purpose of this expert lecture for student is to explore some applications of Non linear Analysis.

We look forward to your esteemed presence on this occasion. Your cooperation in this direction will highly encourage us and make this program a grand success

“Design solution for investigation of performance of Nonlinear Complex engineering problem with case study”

Date of Lecture	05/03/2022															
Resource Person	Mr. Pavan Patil															
Summary	<p>The Session was planned to keep in view of Design solution for investigation of performance of Nonlinear Complex engineering problem. Many engineering problems involve nonlinear behaviour. A nonlinear analysis is an analysis where a nonlinear relation holds between applied forces and displacements. Nonlinear effects can originate from geometrical nonlinearity's (i.e. large deformations), material nonlinearity's (i.e. elasto-plastic material), and contact. These effects result in a stiffness matrix which is not constant during the load application. This is opposed to the linear static analysis, where the stiffness matrix remained constant. As a result, a different solving strategy is required for the nonlinear analysis and therefore a different solver. Modern analysis software makes it possible to obtain solutions to nonlinear problems. However, experienced skill is required to determine their validity and these analyses can easily be inappropriate. Care should be taken to specify appropriate model and solution parameters. Understanding the problem, the role played by these parameters and a planned and logical approach will do much to ensure a successful solution.</p>															
Objective/Purpose	To make students aware about non linear analysis. It was a golden opportunity for the students of Mechanical Engineering to understand how analysis is performed through case study.

Respected Sir,

For enhancing the understanding of students about "Optimization techniques with Matlab for sociotechnical application", it planned to schedule an Industry Expert/ Guest Faculty Session for the final year course Mechanical System Design. The best suitable expert is identified for this session and the details are as given below.

Name of Expert:	Prof. Jaydeep Ashtekar
Designation:	Assistant Professor
Organization:	SRES COE Kopergaon
Experience:	11 yrs
Date:	12/03/2022
Time and Duration:	10.00 am to 12.00 pm (02 hr)

Remuneration Details:

Number of Hrs. of session	Remuneration/ Hr.	Total
02	Rs. 500/hr	Rs. 1000/-
(In Words: One Thousand Only)		

You are hereby requested to kindly permit the conduction of the above said session and sanction the remuneration of Rs. 1000/-

Dear Sir,

Greetings of the day!!

With reference to the above mentioned subject, I invite you as a guest for an expert lecture on the topic “Optimization techniques with Matlab for sociotechnical application” for final year students of Mechanical Engineering which is organized by Mechanical Engineering Department at Zeal College of Engineering and Research Narhe Pune.

You are requested to kindly accept this invitation as a guest lecture. The session is scheduled on 12/03/2022 (Saturday)

Time from 10:00am – 12.00pm.

Mode of session will be an online platform through Microsoft team app.

Subject:- Mechanical System Design

Title of Activity/Event	Optimization techniques with Matlab for Sociotechnical application															
Date of Activity/Event	12/03/2022															
Name of Expert/Trainer	Prof. Jaydeep Ashtekar, Assistant Professor, SRES COE, Kopergaon															
Objective	<ul style="list-style-type: none"> To use optimization methods to design mechanical components. To study different types of optimization methods. To study the engineering applications of optimization in real life application for Sociotechnical applications To design and optimize the of mechanical engineering elements. To improve the ability of solving complex optimized design problem. To develop the skill to solved the optimization problem using Matlab software. 															
Summary	The expert explores the importance of various optimization techniques which are used for solving complex engineering optimization problems in sociotechnical applications. In addition, He has explained in depth about methodology for design and to optimize the mechanical engineering elements. Use of Optimization function for numerical solution is discussed in detail. He has discussed how to use optimization function for numerical solution using Matlab software for optimization problem. The session was very useful from life learning point of view.

STATEMENT OF AN OPTIMIZATION PROBLEM

- An optimization or a mathematical programming problem can be stated as follows:

Find $X = \begin{Bmatrix} x_1 \\ x_2 \\ \vdots \\ x_n \end{Bmatrix}$ which minimizes $f(X)$

addition
reduces
become
simple

$s_j(X) \leq 0, \quad j = 1, 2, \dots, m$

$l_j(X) = 0, \quad j = 1, 2, \dots, p$

The problem stated in Eq. is called a *constrained optimization problem*.

Subject: MESA event ZEST-2022 report.

Respected Sir,

Department of Mechanical Engineering in association with Mechanical Engineering Students Association (MESA) organized "ZEST-2022" event on 14.04.2022 from 2:00 pm onwards in Chatrapati Shivaji Maharaj Auditorium (CSMA), ZCOER, Pune.

In this event Department felicitated the faculty members of Mechanical Engineering who completed PhD this year. Also MESA appreciated and facilitated the students with "Outstanding Achievement Award-SPPU Examinations-2020-2021" for bagging 1st rank in respective year. The event also included cultural activities like Dance performance, singing, standup comedy etc.

In the beginning Prof. Godase S.M. Head of the Department Mechanical addressed the students and gave introduction about MESA and other departmental clubs. Later on Faculty felicitation and students award distribution ceremony was conducted. One of the main attraction of the event was, a special Motivational session by "Mr. Vasant Hankare" a very popular Motivational speaker who interacted with students and encouraged them. He also made them aware about Engineers role in society and nation building.

Prof. Deshmukh J. A., Prof. Kamble P.S. Co-ordinated this event along with MESA core committee members.

In the end MESA President, Mr. Raj Deshpande presented vote of thanks and concluded the session.
