However, please be aware that we will continue to review our courses and other elements of the student experience in response to COVID-19 and we may need to adapt our provision to ensure students remain safe. This will only be available if we have received confirmation from Student Finance that your postgraduate student loan has been approved. Due to the diversity of awards available, our scholarship application forms are customised and the criteria for eligibility vary between schemes. For more information, please visit our scholarships website at <https://masters-scholarships.leeds.ac.uk>

Student visas

If you need a Student visa to study in the UK, you will require a Confirmation of Acceptance for Studies (CAS) from the University. The earliest that a CAS can be issued is six months before the course start date and after you have met the conditions of your offer, supplied all the necessary information, such as your passport details, and paid a tuition fee deposit of £1,500, if applicable. You do not need to contact us to request a CAS. You must obtain your visa before travelling to the UK. More information about the deposit and how to pay will be sent to you once you have accepted an unconditional place in the application portal.

If you are already in the UK and have a Student visa (previously known as Tier 4) for a different institution, and you are not planning to return home to get your visa for Leeds, you will not be able to register or start your studies unless you can provide evidence that you have used your Leeds CAS to apply for a Student visa to study with us.

You should make your visa application as soon as you have the required supporting documents (academic and financial). This offer of study does not guarantee that the University will be able to sponsor you for a Student visa. For more information, please see www.leeds.ac.uk/visas

Membership and alumni
